School begins on Monday 5th February 2017

Emergency pack:

This is an ice cream container (or similar) named and filled with non- perishable food your child would eat. This could be used in case of emergency if your child had to stay at school for an extended period of time. The box might contain muesli bars, crackers, tinned food or anything else your child will eat. At the end of the year this container will be given back to you to use the food and replenish for the following school year.

Please name all items before bringing stationery to school.
