

Equal Employment Opportunities Policy

St Bernadette's School promotes high levels of staff performance and aims to be a good employer.

All endeavours are made to be an equal employment opportunities employer.

- There will be no discrimination in the areas of recruitment and selection, or in promotion and career development.
- The Board of Trustees as employer will expect that all employees maintain proper standards of integrity, conduct and concern for the community's interest.
- The school will implement ongoing staff appraisals in a positive, supportive and challenging way that leads to the development of the abilities of individual teachers.
- The BOT as an equal opportunities employer will ensure that the workplace reflects the thinking of the Human Rights Act by meeting the physical needs of the people working within that environment.
