Dear Parents and Caregivers,

10 April 2019

We are at the end of Term 1! It has flown by in a rush of learning. Students and teachers have made a great start to the year and I am sure everyone will benefit from some rest and relaxation to set us up to head into the winter term.

This Friday we will end the term with our **Easter Liturgy at 2pm** in the Hall. All classes have a part in telling the whole Easter story. We would love you to come and join us for our Easter celebration.

We wish everyone in our School Community a very happy Easter. We look forward to seeing you all in Term 2 on Monday 29th of April.

Year 4 - 8 Learning Conferences

Three way learning conferences continue this Thursday. Children must come to the appointment to make the most of the learning opportunity.

Construction news

Daniel and Bree from Room 3 have been reporting on the action outside Rooms 1 & 2. They have produced a newspaper that we have incorporated into our newsletter this week. I am sure you will enjoy reading how these young writers have reported on what they have seen.

St Bernadette's Construction News

Reporters: Daniel and Bree.

There is a massive new construction happening at St Bernadettes School.

They are building a new deck in front of Room One and Two.

The workers put safety fences up on Thursday, March 28th to keep us all safe. Do not go over the fences. Please be safe.

The builders started building on Friday, March the 29th. The kids in Room 1, 2 and 3 were quite excited. There are three men who are working on the construction.

On Friday, March 29th the workers had an invisible **lazer light** to check things are straight and level. We heard it beep when the level was right.

Monday, April 1st the workers had a **concrete cutter** to cut the concrete ready to build the deck. It sounded like a lawn mower but **LOUDER**.

On Tuesday, April 2nd the digger arrived to dig up the concrete with a little scoop. A digger is also called an **excavator**.

The excavator had a wide scoop too. The big **scoop**, scooped up the concrete **RUBBLE** and put it in the skip bin.

The grinding smelt like burning metal.

On Thursday, April 4th the workers took the scoop off and put a new attachment on the digger.

The workers had a **jack hammer** too. It was smashing the concrete into little pieces. It was loud and like an earthquake.

The workers also used a **sledge hammer** to break some of the concrete.

The workers had two **grinders** to cut the wires that were in the concrete.

It is called a **drill** but also its name is an **Auger**.

The **Auger** was spinning around in the dirt making a deep hole. The workers let Elijah, Majak, Mario, Jasmine, Kava and us have a look at how deep the hole was.

The hole was as deep as our chest.
